To Whom so ever it may concern

Dear Sir/ Madam,

We would like to put on records that Fortuna had developed LAN Port based product & given the same for testing to NIC with the Attendance Portal in the month of April 2015.

It was tested in the NIC office. Subsequently, Fortuna had provided 10 Nos of the same type Terminal for testing the same at various sites like MOD, MHA etc., based on NIC official request. The machines are running successfully there since last 1 Year, till now.

The performance of the same is excellent & giving the required output on LAN, which is required.

faithfully yours,
